Instructions

1304006 Angle Cylinder Replacement Kit

This kit replaces Meyer® OEM P/N 07968 and included the following parts:

QTY.	DESCRIPTION	NOTES
1	Angle Cylinder, 1-1/2" x 10"	Replaces Meyer® 05877
1	Adapter, 1/4" NPT to SAE 6	Replaces Meyer® 22652

The angle cylinder has "cross drilled" mounting holes, which allows it to be used as a replacement part for various Meyer® Plows. The 1/4" NPT to SAE 6 adapter should be used when attaching a hose with an NPT fitting, to the SAE 6 port (3/8") of the angle cylinder. Using the adapter will help expedite replacement while in the field.
